TREASURY WELL GUARDED.

Watchmen Now Armed With Latest
Type of Army Revolvers.

Any burglar with the temerity to visit
the Treasury of the United States will
risk a fusillade from modern firearms.
Sherman Allen, acting secretary of the
Treasury, has ordered from the Secretary
of War fifty of the latest type of re-
volvers with which to arm the watch-
men of Uncle Sam's millions. Their old
revolvers will be discarded.

With steel-reinforced vaults, a delicate sys-
tem of burglar alarms which in case of
trouble would summon half the police in
Washington, armed watchmen and the
soldiers of the regular army at Fort
Myer, Va., only a couple of miles away,
Mr. Allen believes that the government's
wealth is safe from thieves.

Death of James T. Howenstein.

Word was received in this city today of
the death in Philadelphia yesterday of
James T. Howenstein, formerly of Wash-
ington. Mr. Howenstein was the father
of Mrs. Arthur C. Moses and H. R. How-
enstein of this city. James T. Howen-
stein, Jr., of Philadelphia.

The body will be brought to this city
today. Funeral services will be held at 2
o'clock tomorrow afternoon in the chapel
at Glenwood cemetery, where interment
will be made.

A FEATURE OF THE HEALTH EXHIBIT.

LECTURE EACH HOUR
Public Health Education Dis-
cussed by Sanitarians.

EUGENICS IS PROGRESSING

**V. M. Cady Says Color of Child's
Eyes May Now Be Predicted.**

MILITARY COOKING IS SHOWN
Demonstrations at Hygiene Congress
Prove District's Milk Supply
Is Above Average.

The first of a new series of lectures
on various phases of hygiene and public
health education was given this morning
in the exhibit building at 17th and B
streets, northwest, where the exhibit of
the fifteenth International Congress on
Hygiene and Demography is housed. The
lectures, most of them illustrated with
motion pictures or colored slides, were
scheduled for every hour of the day, and
a concert by the Marine Band is to open
the program this evening.

At 10 o'clock this morning Vernon M.
Cady of the American Federation of Sex
Hygiene talked on "Social Diseases," us-
ing many motion pictures to illustrate his
talk. Mr. Cady lectured on "Eugenics"
at 11 o'clock, and will repeat the lecture
at 8 o'clock this evening, while his early
morning talk was repeated this after-
noon.

Between 11 o'clock this morning and
2:30 this afternoon a continuous moving
picture show was given in the large lec-
ture room. This afternoon lectures were
given on "Housing Conditions" by Mrs.
James of Baltimore, "Sex Education" by
Dr. Donald B. Hooker of Johns Hopkins,
"Welfare Work of a Great Corporation,"
by Hugo Ernst of New York, and "Oral
Hygiene," by Dr. Leo W. Solbach of New
York. Motion pictures showing the fresh
air work at Sea Breeze, N. J., were
shown this afternoon.

Explains Science of Eugenics.

Vernon M. Cady of the American Fed-
eration of Sex Hygiene, in his lecture on
"Eugenics" this morning, said in part:
"Under the laws discovered by this
new science of eugenics it is now per-
fectly possible to predict with great ac-
curacy the color of eyes of any given
child, and the prophecy may be made as
soon as the future parents are married.
Only provided we know certain details
about their ancestry. The same assertion
holds good with reference to the proba-
bility of any given child being a genius,
or possessing unusual musical talents; and
on the other hand we may forecast
pretty safely whether the child will turn
out to be feeble-minded, insane, an epi-
leptic or a deaf mute."

"There is a great misconception regard-
ing this new science. At present it claims
only to be a study of the inborn quali-
ties of men with particular reference to
the improvement of mankind by the laws
of the inheritance of special qualities."

Differs From Euthenics.

"The difference between eugenics and
euthenics is the difference between nature
and nurture. Eugenics relates to their
improvement of racial qualities; euthenics
to the improvement of a people by the
improvement of their cultural conditions.
"And, in this connection, whatever may
be said of the higher attributes of man-
kind, certain things in the human make-
up are found to obey the same laws of
heredity as in that of the animal."

Other lectures in the course will be
given by Dr. W. M. Hays, assistant sec-
retary of agriculture, and by Dr. Charles
B. Davenport, in charge of the laboratory
for experimental eugenics at Cold
Springs, N. Y.

The methods of cooking followed in the
army and navy forms an interesting fea-
ture of the exhibition. The army is re-
sponsible for one of its cooking schools,
which has been moved bodily from Wash-
ington barracks and put into full oper-
ation in the field next to the hall. The
cooking school consists of fourteen ovens
and half a dozen tents, most of which
are used to store the foods cooked. The
incidental equipment the school comprises
a plant which is said to be large enough
to feed an army of 50,000 men.

Utensils All Collapsible.

All the utensils, from the ovens to the
"sponge boxes" in which the dough is
mixed, are in collapsible form and can be
taken down and loaded on wagons in
less than seven minutes for each cooking
unit. All told, the government main-
tains three of these schools where the
army cooks and bakers receive their
training. The other two schools are lo-
cated at Fort Riley, Kan., and the Pre-
sidio, Cal.

The navy's exhibit of housekeeping
was a kitchen and crew's mess table
shown exactly as they appear on a war-
ship. Among the many labor-saving de-
vices in the man-o-war's kitchen is a
potato peeler, which takes the skins off
the potatoes a bushel and a half at a
time. As shown at the exhibit, a stream
of water rubs the potatoes against the
bottom and sides of a circular-shaped
copper boiler, which is lined with car-
borundum, and as the skin is thus scrap-
ed off by the rough surface with which
it comes in contact, it is carried through
a waste pipe into the sea. When the
potatoes are peeled a door is opened and
the stream of water tumbles them out
into a waiting receptacle. In addition to
saving nine-tenths of the time required
by the hand-peeling process, the po-
tato peeler saves the tuber to such an
extent that 135 bushels go as far as
would 150 bushels ordinarily.

District's Milk Praised.

Washington residents were told yester-
day that the city's milk supply is much
higher in quality than that of other large
cities. The information was vouchsafed
by exhibitors of apparatus and methods
for the purification of milk, several of
whom declared that the milk furnished to
them for use in their demonstration work

GREATER
PALAIS ROYAL**

A. LISNER. Open Until 6 O'Clock. G STREET.

The New Boys' Shop
—Features "Sampeck Clothes," the Standard of America.

Let's compare the new Boys' Shop with a new Washington. Can't you imagine a New Washington—and the many existing old things that we would never dream of continuing? So with the shops for Boys' Clothing—the new is free to invite the latest and best of everything; the old has associations and agreements that bind. The New Boys' Shop can be compared to a new Washington.

"Sampeck Clothes"
the Standard of America.

In New York, Philadelphia, Chicago, in all the leading cities, "Sampeck Clothes" are recognized as the best clothes—they are literally the standard of America. The New Boys' Shop invites inspection of an entirely new autumn-winter stock of "Sampeck Clothes" and is prepared to prove them the acme of style and perfection of fit, absolutely reliable as to materials and making.

As to prices—while the best clothes cannot be cheap in price they will prove most economical in the end.

Suits, \$5.00 to \$15.00. Reefers, \$5.00 to \$10.00.
Overcoats, \$7.50 to \$15.00.
For All Types of Boys, 2 1/2 to 18 Years.

The New Boys' Shop—the second floor of the Greater Palais Royal—has every new facility for the display and trying on of clothing. With bright young men in attendance and an entirely new autumn-winter stock every need is here for school or for state occasions.

Hats, \$1.00 to \$5.00. Stockings, 13c, 15c and 25c.
Caps, 50c to \$1.00. Pajamas, 75c and \$1.
Shirts, 50c to \$1.00. Nightshirts, all sizes, 50c.
Blouses, 50c to \$1.00. "Little Beauty" Waists, 25c.
Collars, 2 for 25c. Ideal Waists, 25c.
Sweaters, \$1 to \$3. Socks, 25c and 50c.
Umbrellas, 50c to \$2. Belts, 25c and 50c.
Rubber Coats, \$3 to \$5. Suspenders, 50c and 75c.
Shoes, \$2 to \$3. Handkerchiefs, 5c to 25c.

Girls' Boy-style School Suit
\$5.00 \$12.50

6 to 14 Years. 13 to 20 Years.

Made of "wire-woven" serge, unusually durable. Some have white collar and cuffs. All have black patent leather belt. Sizes to 14 at \$5.00. At \$6.98 are Superior Suits, with red coat and navy skirt.

The sizes include 13 to 17 years for juniors and sizes 14 to 20 years for the more fully developed. Choice for \$12.50. At \$16.50 are Man-tailored English Diagonal Cheviot Suits, in brown, navy and black.

Girls' Topcoats--The Latest
\$7.98 \$9.98 \$10.00 \$12.50

6 to 12 Years. 14 to 20 Years.

The college girls' new "Johnnie" and Mackinaw Coats, silk lined throughout, are only \$10.00. The three-quarter-length coats of double-faced cloths, with large collar to be worn down or up, are only \$12.50, in sizes to 20 years. For girls to 14 years are Belted Coats, London style, of all-wool cloths, in broken plaids, at only \$7.98. At \$9.98 are the new Double-breasted Chinchilla Coats, in gray and navy, with red lining.

World's Standard Dictionary 95c
Needed by Young and Old, in Every Home.

The latest and best \$2.00 Dictionary—at only 95c. It's more than a dictionary—it's a reference library, including the General Principles of Grammar, promoting correct expression of thought, both spoken or written; the latest Official Census; Synonyms and Antonyms of 12,000 words; the rules adopted by the Simplified Spelling Board. It contains 1,200 illustrations and is bound in flexible morocco leather.

New Floor Oilcloth, 25c
—And Quality Worth 35c Per Yard.

Best quality, new tile and oriental patterns, light and dark colors. At 25c a yard they'll prove a bargain that time will more and more demonstrate. On fourth floor with the Curtains and Rugs.

Cage, 87c Bird, \$1.97

Go to basement floor—the sweetest singing canary can be yours for only \$1.97. The cage for 87c.

PALAIS ROYAL
A. LISNER. G STREET.

**DELICIOUS "SYRUP OF FIGS" FOR A
BAD LIVER OR SLUGGISH BOWELS.**

This Gentle, Effective Fruit Laxative Thoroughly Cleans Your Stomach, Liver and Bowels of Sour Bile, Poisons, Gases and Clogged-up Waste.

A harmless cure for sick headache, for biliousness, for a sour gassy, disordered stomach, for constipation, indigestion, coated tongue, sallowness, pimples—take delicious Syrup of Figs. For the cause of all these troubles lies in a torpid liver and sluggish condition of your thirty feet of bowels.

A teaspoonful of Syrup of Figs tonight means all poisonous waste matter, the undigested, fermenting food and sour bile, gently moved on and out of your system by morning, without griping, nausea or weakness. It means a cheery day tomorrow—many bright days thereafter.

Please don't think of gentle, effective Syrup of Figs as a physic. Don't think you are drugging yourself, for luscious figs, senna and aromatics cannot injure any one.

This remarkable fruit preparation is a wonderful stomach, liver and bowel cleanser, regulator and tonic, the safest and most positive ever devised.

The day of violent purgatives, such as calomel, pills, salts and castor oil is past. They were all wrong. You got relief, but at what a cost! They acted by flooding the bowels with fluids, but these fluids were digestive juices. Syrup of Figs embues only harmless laxatives, which act in a natural way. It does what right food would do for the liver, stomach and bowels.

Be sure you get the reliable and genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by The California Fig Syrup Company. Hand back, with scorn, any Fig Syrup imitation recommended as "just as good."

BIDS FOR 14-INCH SHELLS.

Lowest Comes From England, and Is \$395 Each.

The lowest bid received by the Navy Department for fourteen-inch shells was that of the Hatfield Steel Company of England at \$395 each. The Washington Steel and Ordnance Company bid \$430 per shell; the Crucible Steel Company of Pittsburgh bid \$500, and the Midvale Steel Company bid \$525.

These and other bids were received for about \$2,000,000 worth of armor-piercing and target shells of various calibers from four-inch to fourteen-inch. Awards will be made in a few days.

SUICIDE'S FUNERAL TOMORROW

Body of Edwin R. Ford Will Rest in Glenwood Cemetery.

Funeral services for Edwin R. Ford, the grocer who committed suicide yesterday morning in "Deadman's Hollow," Va., by shooting himself, will be held at 2 o'clock tomorrow afternoon at his late residence, 458 M street northwest.

The services will be under the direction of Washington Centennial Lodge, No. 14, F. A. M., and Mount Vernon Chapter, No. 3, Royal Arch Masons. Rev. Dr. Muir will officiate. Interment will be in Glenwood cemetery.

T. B. Shipp's Mother Critically Ill.

Washington friends of Thomas R. Shipp, formerly private secretary of Senator Beveridge of Indiana, and later secretary of the National Conservation Association, have received word that his mother, Mrs. Della Shipp, is critically ill at her home in Indianapolis.

Mr. Shipp was nominated for Congress on the regular republican ticket this summer for the seat now occupied by Charles F. Brubaker of the Indianapolis district. The illness of his mother has made it necessary for Mr. Shipp to abandon his campaign, to which he has given no time or attention for more than a month.
